Terrie, shaffordshire bull, BLUE

### ABOUT OUR BRUCIE

Bruce came into our family at the age of 8 weeks. He instantly became an important member of our family. He loves everyone especially children, and shows them love, affection, fun and guidance (the nanny dog). Bruce keeps surprising us with his intelligents. He's always watching and getting involved, including singing and floor exercises. Sometimes I do wonder if he thinks he's human.

### ABOUT ME

My name is Bruce, I'm a 2year old happy go lucky kinda boy. My happy involves, walks, food, sleeping (sunbathing) teddies, and my stick and any ball. I try not to look at my mum when she say's its my bath time. Pretending I have no ears doesnt work either. AND, I can never say no to magic cuddles. They have super powers.

I want to go and say hello to every human I see. This is my go lucky... I go to say hello and BOOM! "the lucky" happens, I get pats and cuddles. when I hear my name called, thats my invitation to go and play with new friends, followed by more pats and cuddles. Go Lucky'

I'm never left at home on my own, I'm with my team
